

METAMAN

METAMAN - Privacy-First Care Ecosystem

CARE • POWER • INFINITY • DHURANDHAR ELITE +

THIRD EYE OF CARE SOS • BUZZ + SMART REMOTE

15-in-1 Privacy-First Home Companion

Privacy-first • Care-first • Designed for trusted caregiving • Concept Only • Not an official Meta product

The Problem vs. The Solution

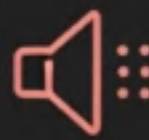

Why current smart home assistants fall short — and how METAMAN is built for care

Alexa / Nest — Problems

Always Listening

Always-on microphone raises privacy concerns

Just a Speaker

Only playback, no proactive help or care

Voice Spam

Frequent ads, prompts, and unwanted notifications

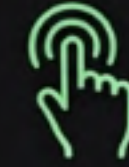

No Caregiving

No SOS, health monitoring, or caregiving support

METAMAN — Solution

Press to Talk only

User-initiated. No always-on listening. Privacy by default

Home + Hub + Companion

Smart hub + wearable companion working together

Silent Color Glow

Calm visual status light. Quiet, no voice interruptions

SOS + Breath + Warmth + Glasses integration

Emergency SOS • Breathing monitoring • Thermal comfort • Smart glasses sync

PRODUCT COMPARISON

THEY

...

Amazon Echo • Google Nest • Similar Puck Speakers

Just a speaker

- ✗ Only voice assistant
- ✗ No wireless charging
- ✗ No SOS safety
- ✗ No clock display
- ✗ Cloud privacy risk
- ✗ Boring design
